### MIRACLE AT 24038 HARBOR VIEW ROAD

The story began in 1978 when neighbors banded together to create a prime piece of property right in Charlotte Harbor beside the legendary Peace River for a Church. **They believed that the Church was relevant.** The lots were sold for only \$10 each! Today that same property is much more valuable.

Since 1978 there has been spurts of growth, division, great ministry to children, the devastation of hurricane Charley, the death of a congregation, and the passing of the pastor; the turning of the campus into a private school and the partition of the sanctuary into 6 classrooms! **Now we are restoring this house to a place of worship**

and a campus for touching Charlotte County and the world..

We came to Charlotte County in July 2003 and rented this very same cafeteria for our meetings on and off between 2004 to 2006. **Then a miracle happened last December 2006. Our Boards merged and we acquired 24038 Harbor view Road with the commitment to restore this campus to a place of worship to God and service to man.**

This entire journey reminded Betty and me about

1986 in Montego Bay when we embarked on another pioneering assignment.

Well, here we are, 20 years later, in Charlotte Harbor, Florida establishing a "destiny-friendly environment for all people." **IT'S A MIRACLE!! And we are humbled in prayer, because of the assignment we feel he has given us to this generation.**

Thank you for your role in UNWRAPPING this miracle!!

We have a great challenge ahead of us. The financial needs includes physical repairs and fixing up the property, music and sound equipment and ministry material. We have the people. We have the commitment. **YOUR FINANCIAL SUPPORT HELPS US TO DO GOD'S WORK.**
